Click a university to filter all related views.
- Select Location**
Filter data by country/region.
- Navigation Buttons**
Switch between 4 dashboards.
- Country Comparison**
Choose Country A and Country B for side-by-side analysis.

Tableau Prototype Specifications

- Canvas Size**
Landscape (16:9)
- Layout**
2 x 2 tiled worksheet layout
- Filters**
Visible on all dashboards
- Navigation**
Top horizontal button strip
- Data Source**
EduVision_OV (final dataset)
- Interactivity**
Use filter actions, highlight actions, and parameter actions.

3. STUDENT ANALYTICS

4. COUNTRY COMPARISON

Development Workflow (Future Process)

Raw Tableau Prototype Preview (Example)

This is a sample view of how one dashboard will look in Tableau. The final prototype will include all 4 dashboards as per the storyboard.

Key Dataset Notes

- No 2024/2025 rank fields (not in final dataset).
- Use available ranking and performance fields only.
- Calculated fields may be used where relevant.
- Keep the design clean, consistent and easy to navigate.
